**Moments of  
Wellbeing**

Indoor & outdoor saunas

**Enter the world  
of wellbeing**

## Creating moments of wellbeing

We come from the deep forests and harsh climate of the North, the birthplace of the sauna, where it has been treasured as a ritual for achieving mental and physical balance for thousands of years. We are convinced that this ancient legacy works equally well today, creating the moments of wellbeing necessary for people to live a fulfilled life.

## Making saunas is our passion

Auroom has been making saunas for more than 20 years. We have a lifelong passion for timber and produce clean, pure, modern designs that are perfected down to the last detail. Our saunas are tailored to meet every need and refined by our craftsmanship. Our whole team of experts is dedicated to creating the most harmonious sauna experience possible. All our saunas are handcrafted, integrating years of experience and cutting-edge technology. We tackle every sauna project individually in order to provide the best possible solution for our clients. That is why we are able to offer wellness solutions for even the most demanding requirements, be they special home sauna projects or entire sauna complexes for spa hotels.

## Saunas that are made to last

Every piece of timber we use in our saunas, however small a part it will play, is carefully selected from the high-quality materials at our disposal. In this way, we ensure the longevity of our products and avoid problems arising in the course of their use. We build with a wide range of timbers – if you place a special order, your imagination is only the limit.

## Taking responsibility

We use only timber that has been responsibly sourced. We obtain timber from our parent company Thermory – the world's leading producer of thermally modified timber and sauna materials. This allows us to make our products available all over the world and ensures that the quality of our raw materials is consistent even in larger orders. Our saunas meet all global environmental standards and are certified accordingly.

# Indoor & outdoor saunas

Sauna was once mainly for people in the North, but using modern technologies we have made this revitalising experience available for people all over the world.

The Designer Collection consists of Auroom's flagship products, which are designed with demanding customers in mind who are not willing to compromise on any aspect. The Essential Collection consists of saunas that, thanks to their minimalist lines and exceptional functionality, fit into the household of any sauna lover.

THE CRÈME DE LA CRÈME OF SAUNAS

# Designer Collection

In creating our designer saunas, our focus is on the people we are crafting them for and their wellbeing. Every detail provides both functional and aesthetic value and serves the same goal: to boost people's physical and mental wellbeing through sauna experiences that bring balance to mind, body and soul. The Auroom Designer Collection of saunas are the best in our range. The wide selection of styles, loved by satisfied customers all over the world, are created working closely with designers who have years of experience.

All designer saunas are customisable to meet every need and vision. Starting with the panelling, wood type and glass of your choice.

The choices don't end with the material. There is also a wide selection of high-quality equipment – from speakers to control units.

# Lumina

Brighten and revitalise

Lumina’s sophisticated design is combined with simplicity and practicality. Its unique bi-colour walls and exquisite interior design immerses you in a luxurious, yet cosy and harmonious atmosphere.

Lumina has all the necessary features to give you a full regenerating experience. All components harmonise: the door, the lamp, the towel holder. The lighting is smooth and unified and creates a sensation of tranquillity inside the sauna.

Lumina is created in cooperation with the talented Italian architect Luca Donazzolo.

## Key features

**Lamp**  
A special lamp has been designed for Lumina, almost invisible, like the door. Two different sizes of lamps can be ordered, 50 or 80 cm long.

**Towel holder**  
Optional practical towel holders are available, designed and sized to suit the lamps.

**External panelling**  
External panelling is available for the side and back walls.

**Lighting effect**  
It’s possible to add an extra optical fibre between the front boards of the upper bench.

**Heater stone**  
This luxurious dark grey stone panel creates a unique atmosphere, a stylish setting from the heater up to the ceiling.

**Floor**  
The floor is expressly designed to match the overall style. Its grids are solid and durable and come with rubber strips, which prevent the floor from being slippery and the wood from being in direct contact with humidity.

**Bench**  
Lumina’s benches are available in three different lengths – 57, 83 and 108 cm – depending on the needs and wishes of the sauna-owner.

# Vulcana

Unwind in style

Vulcana is a sauna that combines a stylish, modern design with the finest craftsmanship and superior materials. The deep golden colour and smooth surfaces of the thermo-aspen walls are elegantly offset by dark embossed *Ignite* cladding to create a uniquely tasteful and striking synergy. The stunning *Ignite* cladding in alder is used sparingly on the feature walls to accentuate the thermo-aspen's true splendour.

The allure of Vulcana's exquisite design is not only visual; ease of use and wellness are also built in, with the app-controlled heater saving effort, the angled backrest adding comfort and the large glass frontage creating an invitingly bright and open space.

## Key features

**Modern, sleek design**

The perfect indoor sauna for the modern home, Vulcana combines high-quality materials with stylish aesthetics for a contemporary wellness experience.

**Cladding combination**

Vulcana's attractive, deep-golden thermo-aspen cladding panels are complemented by exquisite dark walls in *Ignite* alder.

**Auroom x HUUM**

# Terra

Your outdoor wellness haven

Terra is a luxurious outdoor sauna that allows you to create your own custom wellness space with a stylish, modern look. With two size options, you can choose between a sauna only or a larger space with an area for changing and relaxing in addition to the sauna itself.

Terra offers a choice of two exterior cladding designs; the Natural option features the lighter wood shades and knotted appearance of thermo-pine, while the sleek Black look creates an eye-catching color contrast with the internal materials. Your chosen exterior is coupled with an interior design that combines waxed dark-gray alder walls with either natural alder, natural aspen or thermo-aspen benches, making for a rich selection of exquisite styles to suit your taste.

# The beauty of choice

To build Auroom saunas, we use both thermally modified and natural timber. You can thermo-treat, brush or paint your sauna.

Our thermo-treatment offers great visual effects: the charming brownish colour can be lighter or darker, depending on the wood type and heating procedure.

The use of painted wood creates another range of options. There are a lot of beautiful tones, so let your imagination take flight.

# Our saunas meet your needs

Auroom saunas can also be adjusted for non-standard circumstances thanks to our highly skilled design and development team, who can quickly rework existing models or devise completely new solutions. So if you have a family member with special needs or a project that requires unique solutions, don't hesitate to contact us. We will always find the best and most comfortable solution.

# Boost your health with infrared

Unlike traditional infrared saunas don't heat the air around you. Rather, they use infrared lamps to directly warm your body's core temperature. Infrared sauna lovers say that the heat penetrates deeper than the warmed air from conventional saunas. This allows them to experience a more intense sweat at a lower temperature.

If you don't want to give up your regular sauna we offer the best of both worlds. A dual sauna is the perfect combination of the traditional sauna and the new-generation infrared sauna. If you are interested, then contact us and let's see what we can offer you.

YOUR IMAGINATION IS THE ONLY LIMIT

# Tailor-made

At Auroom we are able to offer exquisite tailor-made options, be it a sauna for private or public purposes. We can build a sauna anywhere you wish – even on your private yacht or plane.

Using the latest technologies, our capable designers, technicians and craftsmen are happy to master even the most sophisticated projects. Tailor-made saunas and unique solutions are our strengths.

We are here to listen to your needs and wishes. Contact us and tell us your vision. We will help you make it a reality.

# Walls

Our state-of-the-art manufacturing capabilities and design skills enable us to create unique solutions from curved walls to very complex angled elements.

# Ceiling

Auroom has the ability to make single and double-sloped, straight and curved ceilings. We use various lighting solutions and, if necessary, make special cornices according to your wishes.

# Bench

At Auroom we can build both multi-level and thin, wavy benches. We make ergonomic benches as well as benches joined at interesting angles.

# Glass

You can choose between different shades of glass. We usually use insulated glass. In outdoor saunas we also use package glass. We work with glass manufacturers who make both "smart glass" and curved glass. Auroom also offers laminated glass, on which it is possible to adjust transmittance.

# Lighting

Auroom offers the possibility to use a variety of monochrome and RGB lighting solutions. Different control options can also be used.

## Our clients come first

At Auroom, our clients always come first. We look after our sauna users and do everything we can to ensure that the quality of our products is uncompromising. To this end, we are always open to feedback from our clients and respond to all questions and concerns quickly.

The flexible and well-organised way we go about production enables us to offer the quickest delivery times in the industry.

All Auroom deliveries are insured and protected against accidents. In larger markets we are represented by approved local resellers who can help at every stage.

## Our resellers are global

Auroom has a wide network of resellers across the globe. Thanks to Thermory as the world's leading producer of thermally modified timber and sauna materials, our saunas are loved all over the world. We are always willing to add new resellers to help our products spread even further.
